

“ Perspectives is, in my experience, the single best discipleship course to mobilize the church to God’s mission. Perspectives gives people their first crucial steps, opening their eyes to God’s work in the world and God’s call on their lives.

Perspectives™

A Unique Learning Experience

Perspectives on the World Christian Movement is a 15-week course where you can interact with many of today's most dynamic and thoughtful cross-cultural thinkers. It brings together a powerful group of leaders, professors and global visionaries who will lead you on a voyage of discovery. This is a course about God – what He has done, what He is doing and what still remains to be done. Sweeping from Genesis through Acts and on to Revelation, we examine the triumphs and tragedies in every epoch from Adam until today.

A Mission

Each week a different perspective will challenge you in how to strategically use your life, joining God in His eternal plan for the nations, whether you go, send, pray, mobilize or welcome international guests.

This course is relevant to couples, singles, retirees, business owners, students, stay-at-home moms, adventurers, planners and anyone in between.

Multiple Perspectives

Biblical - Understand the Bible as one book with one major theme and its practical implications.

Historical - Learn how God has been working throughout history to accomplish His ultimate purpose.

Cultural - Recognize and overcome barriers to cross-cultural communication. Learn how to serve effectively and pray insightfully for all people.

Strategic - Discover how God is achieving His plan for world evangelization. See how your unique gifts and resources can be strategically used within God's plan.
